Dear Chief Anderson,

My name is Sharon Doeden and I reside in Midlothian, IL. I would like to commend one of your officers for the assistance given to me on April 1, 2011.

His name is Officer Chuck Quinn. I have been Diabetic for over 40 years. I was out and about doing various errands in my car when suddenly I found myself unaware of where I was. I believe that my sugar had reached a dangerous low and I was not aware of it.

I pulled my car into the Food For Less parking lot and was attempting to get my bearings when officer Quinn approached my car. He informed me that it was reported that I was driving a little erratic. I then explained to him that I was Diabetic and believed I suffered a diabetic reaction.

Officer Quinn was concerned and understood my situation as his own father is Diabetic. He asked me if I required medical assistance. I assured him that I was feeling a lot better and I was going straight home. He asked where I lived and offered to follow me home to ensure my safety. I am grateful that no one was hurt, but I am also grateful that Officer Quinn was there.

I arrived home safely. My husband met us in my home's driveway and was also very grateful to Officer Quinn who showed understanding and compassion for my situation.

In a time when Officers are rarely complimented or thanked, I would like to take this opportunity to say THANK YOU to Officer Quinn. You should be proud of this man and the service he provides. I will be forever grateful to Officer Quinn.

Sincerely,

**Sharon Doeden
