

November 5<sup>th</sup>, 2011

Dear Chief Anderson,

I am a lifetime resident of Oak Forest and recently had the opportunity, under unfortunate circumstances, to work with the officers at your Police Station. Officer Varkalis' kindness and compassion to my situation was relieving. His dedication and professionalism made the process understandable and hopeful that this situation may finally end. He devoted his time and efforts to assure that my questions were answered and my nerves were calmed. I am so grateful to have an Officer like him working in the town that I live.

I would also like to thank all the officers of his shift that contributed their time and resources to help me. They showed great teamwork and dedication to their important job.

Sincerely,

Allison Carlson
