Minimum General Application Requirements.

The application shall be made by the utility or it's duly authorized representative and shall contain, at a minimum, the following:

- The utility's name and address and telephone and telecopy numbers.
- The applicant's name and address, if different than the utility, its telephone, telecopy numbers, e-mail address, and its interest in the work.
- The names, addresses and telephone and telecopy numbers and email addresses of all professional consultants, if any, advising the applicant with respect to the application;
- A general description of the proposed work and the purposes and intent of the facility and the uses to which the facility will be put.
- The scope and detail of such description shall be appropriate to the nature and character of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed;
- Evidence that the utility has placed on file with the City:
 1. A written traffic control plan demonstrating the protective measures and devices that will be employed consistent with the Illinois Manual on Uniform Traffic Control Devices to prevent injury or damage to persons or property and to minimize disruptions to efficient pedestrian and vehicular traffic.
 2. An emergency contingency plan which shall specify the nature of potential emergencies, including, without limitation, construction and hazardous materials emergencies, and the intended response by the applicant. The intended response shall include notification to the City and shall promote protection of the safety and convenience of the public. Compliance with ICC regulations for emergency contingency plans constitutes compliance with this Section unless the City finds that additional information or assurances are needed;
- Drawings, plans and specifications showing the work proposed, including the certification of an engineer that such drawings, plans, and specifications comply with applicable codes, rules, and regulations;
- Evidence of insurance as required in Section 8 of the City's Right of Way Ordinance
- Evidence of posting of the security fund as required in Section 10 of the City's Right of Way Ordinance
- Any request for a variance from one or more provisions of this Chapter (See Section 21); and
- Such additional information as may be reasonably required by the City.

Indemnification.

By occupying or constructing facilities in the right-of-way, a utility shall be deemed to agree to defend, indemnify and hold the City and its elected and appointed officials and officers, employees, agents and representatives harmless from and against any and all injuries, claims, demands, judgments, damages, losses and expenses, including reasonable attorney's fees and costs of suit or defense, arising out of, resulting from or alleged to arise out of or result from the negligent, careless or wrongful acts, omissions, failures to act or misconduct of the utility or its affiliates, officers, employees agents, contractors or subcontractors in the construction off facilities or occupancy of the rights-of-way, and in providing or offering service over the facilities, whether such acts or omissions are authorized, allowed or prohibited by this Chapter or by a franchise. license, or similar agreement; provided, however, that the utility's indemnity obligations hereunder shall not apply to any injuries, claims, demands, judgments, damages, losses or expenses arising out of or resulting from the negligence, misconduct or breach of this Chapter by the City, its officials, officers, employees, agents or representatives.
