

June 15, 2012

Dear City of Oak Forest Business,

In March 2012, voters in the City of Oak Forest approved a referendum allowing the community to contract with an energy supplier to reduce electricity costs for its residents. The City of Oak Forest is pleased to announce it has chosen FirstEnergy Solutions Corp. as the supplier of choice for the aggregation program due to the competitive rate they are able to provide. In addition, the electricity for the City of Oak Forest program will be 100% renewable. Businesses in the City of Oak Forest will receive a rate of 4.61 cents per kWh. This compares with the current ComEd rate of 8.07 cents per kWh which carries an additional charge of a Purchased Electricity Adjustment that is currently averaging 0.5 cents per kWh, for an effective ComEd rate of 8.57 cents per kWh. This partnership will greatly benefit businesses in the community, and continues through the July 2014 billing cycle.

	<b>Supply + Transmission</b>	<b>PEA*</b>	<b>Effective Rate</b>
City of Oak Forest aggregation rate	4.61¢	None	4.61¢
ComEd supply rate	8.07¢	0.5¢	8.57¢
Your savings off the ComEd supply rate			46%

*\*Purchased Electricity Adjustment (PEA) varies and is currently 0.5 ¢ per kWh. FirstEnergy Solutions charges no PEA fee.*

Electric Space Heat customers have also been included in the aggregation. The aggregation rate is 41% lower than ComEd's Space Heat rate of 7.83¢ per kWh.

**Please note this rate is for the energy supply only and ComEd will continue to deliver your electricity. You will continue to receive a single, easy-to-read bill from ComEd with your FirstEnergy Solutions charges included and you will continue to make payments directly to ComEd. The bill will also include the ComEd delivery charges and taxes. ComEd will continue to deliver your service and respond to any disruptions.**

You will see your electric savings from FirstEnergy Solutions after your enrollment has been completed and your switch has been finalized – approximately 60 days, depending upon your meter read date. You are not obligated to participate in the City of Oak Forest electric governmental aggregation program. If you wish to be excluded from the program and remain a full-service customer of ComEd, you have until June 29, 2012 to return the attached "opt-out" form.

After you become a participant in this governmental aggregation program, ComEd will send you a letter confirming your selection of FirstEnergy Solutions as your electric generation provider. As required by law, this letter will inform you of your option to cancel your contract with FirstEnergy Solutions within seven days of its postmark. **To remain in the City of Oak Forest electric governmental aggregation program, you don't need to take any action when this letter arrives.**

If you have any questions, please call FirstEnergy Solutions toll-free at 1-866-636-3749, Monday through Friday, 8 a.m. to 5 p.m. If you are unable to get answers that you are seeking, please call Oak Forest City Hall at 708-687-4050.

Sincerely,

City of Oak Forest
